24 FRANKLIN SQUARE

ning there was a largely attended meeting of women of St. Mary's parish in St. John's hall, Providence street, and steps were then taken that will lead to the enfranchisement of many women of St. Mary's parish.

A number of legislators from towns in this section of Windham county will leave this city this (Tuesday) morning to attend the special session of the general assembly called for the purpose of enacting the necessary legislation to confer upon the women equal suffrage rights with the men of the state. Senator Macdonald and Representative Kent and Brodhead make up Putnam's delegation to the special session.

Though the active work of repairing the damaged exhibition hall and other properties at the Woodstock fair grounds had not been undertaken up to Monday morning, assurance was given that the fair will be held on the date now set and that there is every expectation that the exhibition will be a successful one.

Manager Thomas McDermott of the North Grovesville team, said Monday that his next Sunday's game will be with the Connecticut Mills team and will be played at Danielson. The game scheduled for these teams on Sunday last, at North Grovesville, was called off on account of heavy rain falling during the forenoon.

Navy recruiting teams complain that they are being put up in Webster and vicinity are being torn down and it is believed that this act of vandalism is due to the W. W. members or their sympathizers.

There is a possibility that Priest's island, south of this city, will be sold or the timber upon it cut off. The property, now owned by R. H. Bradley, formerly was a favorite picnic resort. At one time there was a suggestion that it be acquired by the city for use as a public recreation ground, but nothing ever materialized from this suggestion.

Hebrew residents of this city spent Monday in observances of Rosh Hashanah, the Hebrew New Year.

A state road crew operating west of Putnam on Monday, by a motor truck was engaged on Monday in sweeping out the gutters along the state highway leading from this city into Attawapung.

Carted trolley service out of this city into Putnam is proving profitable to the owners of motor bus lines, which have been getting increased receipts during the past few days. It is now well established fact that the trolley service is usually in a hurry and seizes the first opportunity to get where it wants to go.

Two-hour trolley service is now being operated on the production of passenger traffic, but that does not change the fact that the average person will not wait that long for a conveyance, if there is a way to avoid it.

## DANIELSON AND PUTNAM NEWS

### DANIELSON

A basket filled with halibut was brought here from Central Village Monday morning by Charles Smith, testman at the local central office of the S. N. E. T. company. When first picked up some of these stones were as large as eggs and they came down in a shower that smashed many panes of glass. Late in Danielson the rainfall was heavy, but it was not accompanied by hail or wind.

While picking grapes Sunday, Luther Day slipped off a wall, a support to which he was holding having given way.

### DANGERS OF A COLD

Norwich People Will Do Well to Heed Them.

Many had cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Dean's Kidney Pills at the first sign of kidney trouble. Follow this Norwich resident's example:

Mrs. Henry L. Greiner, 406 East Main Street, says: "At times a cold has affected my back and sometimes overwork has caused dull, nagging pains across my kidneys. My back has felt weak and tired and I have been worn out. When bending, sharp pains have seized me in my back and it has been hard to straighten up. I have used Dean's Kidney Pills for these attacks and they have done me lots of good."

### Remove Those Hairs

—Roots and All  
(Absolutely New Method)

The new way to remove disfiguring growths of superfluous hair, roots and all, will astonish and delight you. You never saw or heard of anything like it before. It is not a depilatory and not electrical. You simply get a stick of Phelocine from your druggist and follow the easy directions. The Phelocine is absolutely harmless, non-poisonous and perfectly odorless.

At a session of the town court Monday morning, Judge W. F. Finner Woodard, the case of a man charged with having been intoxicated was disposed of.

Danielson is to have a mobile artillery company. This announcement was made Monday by Captain F. O. Armstrong, of the state guard company now located here. Captain Armstrong said that he had been in conference with Major M. B. Payne of New London and that the officer had informed him that a recruiting officer to organize a company in Danielson would be appointed in the very near future. In all probability the State Guard company will be disbanded and its members mustered out of service.

Edward S. Carpenter, borough tax collector, was busily engaged Monday in receiving the assessments due from property owners.

J. Carl Witter will be to Indian Orchard, Mass., today (Tuesday) on a business trip.

Special appreciation is being expressed of the generosity of Miss Grace Fisher, the New York violinist and an artist of exceptional talent, in giving without charge the recent concert under the auspices of the Killingly Woman's club at the home of Judge and Mrs. M. A. Shanway.

The department inspector for this district will be in Danielson Wednesday evening to conduct a periodical inspection of McCreager, Vernon's Hotel Corps. A supper is to be served in connection with the visitation.

### PUTNAM

Chief Water-Tender H. Gifford and Chief Gunner Mate J. McDowell, members of a navy recruiting party, made one of their regular visitations to Putnam on Monday.

Goodbye America—I am sorry to leave you, but by my duty I am going to my home in Syria. Therefore I am offering my words of regret to all my friends in this freedom country—the United States of America. I thank you America and I thank you people, so I will close by offering my best love to you and will say, Goodbye, America.

Both of Killingly's big tire fabric concerns—the Connecticut Mills and Good-year Mills, are not operating this week, as was the case last week. A plot of finished tires and adjustments in the tire manufacturing industry is reflected in the stockiness of operations at the fabric plants here and elsewhere throughout New England. It was stated here on Monday that the present depressed condition of the business is not expected to endure for any great length of time. Finished tire stocks are being steadily absorbed by the trade and in the near future production will be on the increase again. There is a big demand for cord tires, so great in fact that it is almost impossible to get some sizes of well known makes, but there is a heavy stock of fabric tires on hand. Fabric manufacturers feel that it would not be wise to continue piling up finished material in view of the changing conditions in the raw cotton market and while other readjustments are under way.

Nichols, who was pitching one of his greatest games of the season, suffered a 2 to 1 defeat with the Goodyear team on Sunday when the team of the National Spun Silk Mills of New Bedford defeated him by a hard fought game, winning in spite of the fact that Nichols struck out 18 of their batters and all day for Killingly's registrars, for they are going to register. Many women will do this of their own accord, though they have not been solicited to register and exceedingly good reasons advanced as why they should. It is already apparent that as many anti as suffrage will register in the town of Killingly, and that their vote will have a very considerable effect in the outcome of the local election.

S. Solomon, who has been a resident here for the past six years, is leaving tomorrow (Wednesday) to return to his native Syria, where his aged parents are living. Just how much Mr. Solomon

has appreciated living in the United States is indicated by the following letter, which he requested to be published in The Bulletin:

Goodbye America—I am sorry to leave you, but by my duty I am going to my home in Syria. Therefore I am offering my words of regret to all my friends in this freedom country—the United States of America. I thank you America and I thank you people, so I will close by offering my best love to you and will say, Goodbye, America.

### MONTVILLE

Two year old heifer, light Jersey and white, lost near Jim Chapman's place. Communicate with Gus Labatt, Montville, -adv.

Women seldom mean the pleasant things they say to other women, or the unpleasant things they say to other women, or the unpleasant things they say about men.

Catholic women of this city were urged by Rev. Charles F. Bedard, in his announcements at the masses at St. Mary's church Sunday, to file applications to be made voters and to qualify as electors. It is likely that several hundred qualified women will follow his advice.

Father Bedard pointed out that as equal suffrage rights are now provided for the women of the United States, it is the duty of every qualified woman to avail herself of the privilege conferred upon her, especially that she may be qualified at any time to participate in any election in which matters of special interest to herself are to be voted upon. Failure to register and qualify as voters might in the future entail some regrets. It was apparent Monday that Father Bedard's suggestions had carried weight, for as early as Sunday eve-

ning there was a largely attended meeting of women of St. Mary's parish in St. John's hall, Providence street, and steps were then taken that will lead to the enfranchisement of many women of St. Mary's parish.

A number of legislators from towns in this section of Windham county will leave this city this (Tuesday) morning to attend the special session of the general assembly called for the purpose of enacting the necessary legislation to confer upon the women equal suffrage rights with the men of the state.
